

Desroches Island Resort

Only a 35 minute-flight from Mahé, this small 5km-long and 1.5km-wide island is surrounded by a beautiful coral reef and turquoise waters.

The resort offers 20 elegant and spacious suites tastefully decorated in the woods and pastels of the colonial style. Inside you will find a king-size bed and mosquito net, comfortable armchairs, air-conditioning and ceiling fan, satellite-linked telephone, a mini-bar and a safe.

The resort's restaurant serves a sumptuous Creole and International cuisine. Buffets and barbecues are often set up in the tropical garden.

You can explore the island by bicycle where secret tracks lead off to secluded beaches; the restaurant will even prepare a picnic lunch for you if you decide to head off for the whole day! Guest can also enjoy a large swimming pool and a range of activities including snorkeling, table tennis, biking, canoeing, windsurfing, pedalos & laser mini-sails.

Diving is a must on Desroches with no less than 14 classified sites such as the amazing "Desroches Drop" and the "Canyon", a mysterious labyrinth of caves and columns. The Water Sport Center also organizes excursions to prime sites such as the "Aquarium", where sea turtles and plenty of colorful tropical fish abound.

Room Amenities
