

North Island Resort

North Island is a private island hideaway located to the North West on Mahe and only a 15-minute helicopter ride away. Uninhabited, it measures only 2.5 km long by 1 km large, and covers 210 hectare of lush vegetation; a true haven not only for many of Seychelles' flora and fauna but also a perfect paradise for the resort's guests.

Hidden away behind palm trees lining the East beach, the 10 Robinson-Crusoe type villas, and one Royal Villa have been built to blend in with their natural environment using local wood, stones, corals and thatched roofs.

Each villa measures 450 m² and offers a large bedroom, a dressing room, a bathroom with a marble bath, an exterior shower, a spacious lounge, a kitchenette and a large terrace complete with a private pool, kiosk and a smaller bedroom complete with its own shower and toilet. Only the bedrooms are air-conditioned, the rest of the rooms are well ventilated and are equipped with DVD, DC, Internet access and mini-bar. The Royal Villa offers 4 air-con rooms, a spacious lounge, and a villa butler.

The package is all-inclusive except for alcoholic beverages. The restaurant offers both local and international cuisines and meals can be served in the privacy of the villa. Other facilities include a swimming pool, 3 beaches, diving, kayaking, fishing, and a gym.
